“Great leaders inspire others to lead—  
you’ll always be remembered.”

Choose hosting early: GitHub Pages or Azure Static Web  
Apps (free tier) are easiest for static pages. For backend  
features, use Azure Functions, a small Heroku/Render  
instance, or a free-tier VPS. Privacy & consent: Don't publish  
private messages or sensitive files without consent from the  
people involved (and the manager if required).
